

Cable Lockouts & Lock Boxes

Innovative, patent-pending cable lockouts and lock boxes offer efficient multipoint safety compliance.

Adjustable Cable Lockout

Infinitely Adjustable for a Secure Fit Every Time

- Integrated safety hasp and cable is ideal for multiple circuit breaker panel and side-by-side gate valve lockouts
- Tough, flexible multi-stranded 1/4" dia. steel cable is insulated with a clear vinyl coating
- Feed the cable end through the points to be locked out, then back through the lockout body. Cinch it tight to remove any slack with the patented locking feature
- Tough, lightweight Xenoy®* thermoplastic body withstands chemicals; performs effectively in extreme conditions [temperature range of -50° F (-46° C) to +300° F (149° C)]
- Master Lock 8611 includes a 6' cable. This can be easily replaced with the 15' cable (8615) in the same lockout body
- Complete with high-visibility, re-usable, write-on safety labels (English, French & Spanish)

Patented Pull-Tight Cable

Master Lock Model #	Description
8611	Adjustable cable lockout with 6' cable
8615	Separate 15' cable for use with 8611

* Xenoy® is a registered trademark of General Electric Corporation.

Latch Tight™ Group Lock Boxes

Storage Devices Capture Keys For Effective Lockout of Large Equipment

- Secure each lockout point on a piece of equipment with a single padlock. Place the keys in the group lock box and then each authorized employee places their personal padlock on the lock box.
- When work is complete, employees take their personal padlocks off the lock box, freeing the keys inside. Keys inside can not be accessed until the last employee removes their padlock.
- All Master Lock group lock boxes feature an exclusive, patent pending Latch Tight™ locking mechanism that prevents keys from being accessed until the last padlock or lockout hasp is removed from the box. Provides the highest level of security available in a group lock box.
- Lockout Message on box is in three languages – English, Spanish, and French
- Durable powder coated finish with stainless steel handle
- 503RED and 503YLW can be mounted to wall or carried from job to job. Available in red or yellow. Accepts 14 padlocks or lockout hasps.
- 498A is a portable solution. Available in red. Accepts 12 padlocks or lockout hasps.
- Each box holds hundreds of keys. 503 also includes organized storage for 12 keys in back of box.

Master Lock Model #	Description	Dimensions H x L x W
